ishipdocs

1 Go to the ishipdocs website.

2 Login to your account.

3 Check whether MS Silverlight & Java has been installed or not (If not, then install the software).

4 Select the folder where you want to upload files.

5 Then select the application (Silverlight/Java).

6 Select Safari.

**7** Select Preferences from Safari menu.

8 Select Security tab from the Preferences menu

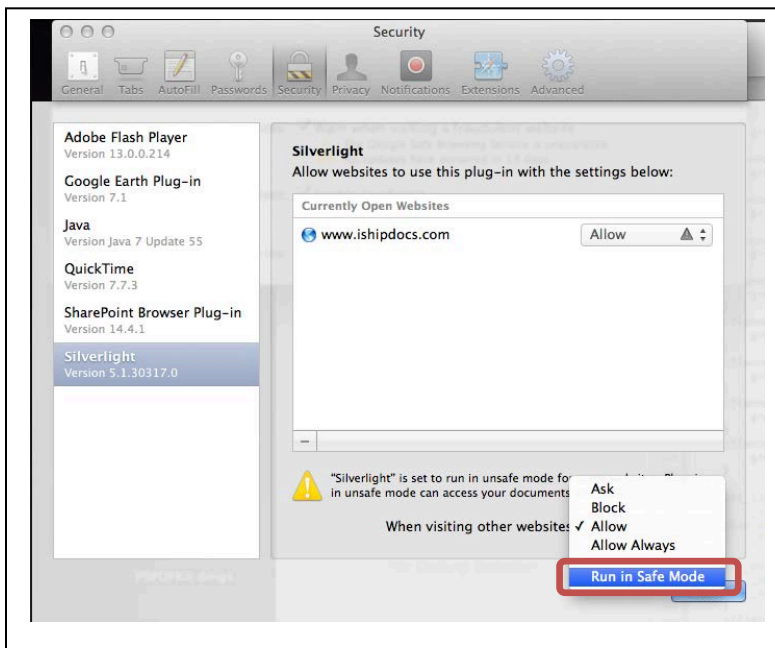

**9** Select the Managed Website Settings.

10 Select Silverlight on the left side.

11 At the dropdown menu for the website, click Run in unsafe Mode.

12 Select Trust from the dialog box that appears.

> Are you sure you want to trust all
> websites to run "Silverlight" in unsafe
> mode?
>
> Plug-ins running in unsafe mode can access your
> personal documents and data.
>
> [Trust]   [Cancel]

13 Same steps apply for Java.
